# EFFECTIVE MANAGENT AND REPORTING

EFFECTIVE MANAGEMENT

Management is made simple via our user friendly interface. Greatly benefit from synchronising with Microsoft Active Directory and unlimited Hierarchy Structure.

REPORTING

Reports are user based which ensures the correct person is charged for usage. Unparalleled filter options and report automation comes standard.

VOICE AND DATA

Voice and Data Reporting is available for all the RAMpage Data Sources as depicted in the diagram below. Bill back for usage on Calls / Print / Email etc.

Call Accounting

Fax Monitoring

Print Monitoring

VSA RAMpage

E-Mail Tracking

Internet Monitoring

ADVANCED FEATURES

Quota Management (exercise Budget Control and set predetermined limits for users) / Automated Report Distribution / Automated Archiving and Backups etc.

ACCURATE BILLING

We offer the most sophisticated billing mechanisms available today.   Cost Code updates are centrally managed and simply downloaded via the internet.

RELIABILITY

RAMpage has been successfully deployed across organisations varying in all business categories; tried and tested to give you peace of mind.

SCALABILITY

No limitation as to the number of users and sites that needs to be monitored. Stand alone and centralised solutions are available depending on customer needs.
